beBully

Why do people make fun of me?

Why do people hurt me?

Why do people hate me?

I shout for help!

Is it because I'm different?

Is it because I'm smart?

I wish they would stop

They make me sad

I really want to tell someone

But my nerves get in the way

I just want to know them

Why would my feelings?

I wonder why they tease?

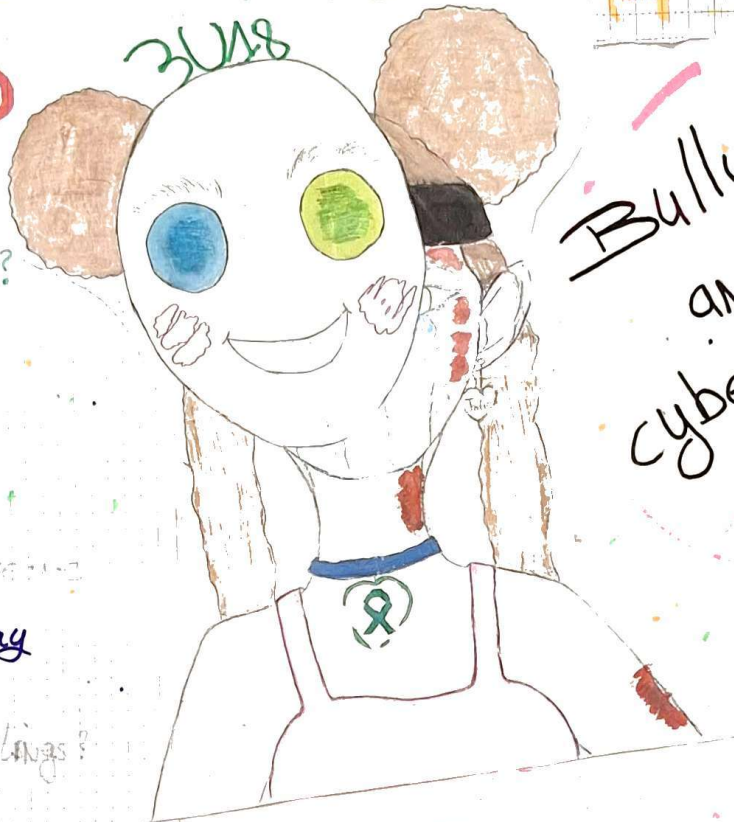

I wonder why they're bullies

I hope they will stop

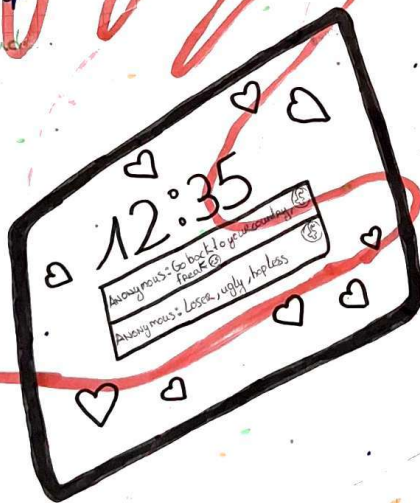

I wish I could help

And make them glad

No Bullying

I think the solution could be to tell it to an adult
or to your teacher like Mr. Suez-Panama that you are
being bullied because it's really bad to bully
someone because you never know what that
person is going through there life until you that
person never know if one day some thing happened you
you never know if the same person we you bullied that
will help you get bying back on your feet
