

## JACQUES GOES TO MARTINIQUE

My name is Jacques and I am the new English Teaching Assistant at Edmond Lucien Valard Junior High School. In September, I travelled from my hometown in the USA, Indianapolis, to Martinique.

The first thing I noticed when I arrived was the climate and environment. It is hot in Martinique and there are a lot of hills. The plants and animals are very different compared to Indiana. The people in Martinique are very nice and welcoming. Everyone has made me feel comfortable as I adjust to life here.

My first impression of Edmond Lucien Valard Junior High School was that the Teachers are kind and the students want to learn. I like when students are active and creative in class. I believe we will have a great school year together.
