## From nursery school to high school, an adapted inclusion device

Thanks to the ERASMUS+ grant, the Anne MARC elementary school hosted, during the week of October 6 to 10, a Swedish lecturer, Ms. Kristina HELLEBERG. She visited the different levels of the French education system in Martinique and was able to observe the adaptations implemented at each level to assist students with needs and learning difficulties. She also shared with teachers, school principals, middle school administrators, and SEGPA staff, the methods of supporting students in Sweden.

Ms. Kristina HELLEBERG met the team of the Academic Service for School Inclusion in our academy and the two inspectors, Ms. Jessy PICHEGRAIN and Ms. Nathalie ZOZIME. The highlight of this week was the seminar on inclusion and autism organized at Anne MARC School in the presence of Mr. Mike DULCIO, Inspector of the St-Esprit district.
